

BA(HONS) DOCUMENTARY AND EDITORIAL PHOTOGRAPHY COURSE

Dear

Welcome to BA (Hons) Documentary and Editorial Photography,

We're getting in touch with some important information about your course that will help you as you prepare to join us.

At the end of this letter, you will find a list of equipment that you should bring with you, as well as any other costs that you might incur throughout your course that are not covered by your student loan.

Your academic experience will be predominantly in person with some courses using some digital resources to support your learning. To engage in the digital learning activity, although you will be able to access IT suites on campus, you may find it beneficial to have a laptop to access the platforms and tools we use. You will be provided with free access to the Microsoft Office suite, (including Word, Excel and PowerPoint) while you study at Falmouth.

Student Finance

If you are eligible for a loan from Student Finance and have not yet applied, please do so immediately to ensure the loan is approved before you enrol. Once you enrol you are liable for the tuition fees. You can find more information from the Student Loans Company at: [gov.uk/government/organisations/student-loans-company](https://www.gov.uk/government/organisations/student-loans-company) If you are paying for your tuition yourself please check out falmouth.ac.uk/study/tuition-fees. Advice on managing your finances while studying can be found on the University's website here: falmouth.ac.uk/study/student-funding/how-much-does-it-cost

Student Support

We know the prospect of coming to university can feel overwhelming but we're here to support you every step of the way. You can find an overview of the support available to you once you get here at this link falmouth.ac.uk/experience/support

To help us provide you with the right support during your time at Falmouth, if you have a disability, health condition or Specific Learning Difference (SPLD), you should apply for an Individual Learning Plan (ILP). This document suggests simple adjustments to your academic experience, tailored to your needs. By disclosing early, we can ensure that the necessary support is in place before you begin your journey with us. Find out how to apply here studyhub.fxplus.ac.uk/accessibility-inclusion/ilps

If you don't have a formal diagnosis of an SPLD such as dyslexia, dyspraxia, or ADHD but think you might, our free online screening tool, the Do-It Profiler can help. It's like a quiz that helps pinpoint any areas where you might need extra support. More information and a link to the Profiler can be found here studyhub.fxplus.ac.uk/accessibility-inclusion/spld-screening

Term dates

Welcome Week starts on Monday 16 September for first year students.

Study Block one begins on 23 September and teaching and assessment will be throughout the full 15 weeks of the study blocks.

Your timetable

Your academic timetable shows all scheduled learning activities and your course timetable. It will be published from 9 September. After you've enrolled, you can view it via the Student Portal at falmouth.myday.cloud/ or the Falmouth University App. You can download the app by searching the Google Play Store or Apple Store. It will also be accessible at mytimetable.falmouth.ac.uk.

Welcome Week

After you have enrolled, your timetable will show you where you need to go and when on Monday 16 September and throughout the week.

This is the week when you'll meet your course mates, course tutors and University staff. There will be important inductions to both your course and the wider University facilities and services, in addition to social activities organised by the University and Students' Union.

Pre-course preparation

The equipment stores and facilities at Falmouth University provide a comprehensive variety of all necessary equipment, but there are certain essentials that incoming Documentary and Editorial Photography students should have at the start of term in order to be able to fully participate in course work and to be able to work independently. The costs will be approximately £600 – £1000 and all of these should support you for the full three years.

The most important things you need to have are:

- A quality laptop. This is the most essential piece of equipment, along with a reliable broadband connection (if you are living in University accommodation you will have this). Either Mac or PC is fine, it is up to you as we use both. Do your research and get the best one you can afford. Your laptop will be an essential tool for photography editing and academic writing and a good one will last you for your University years and beyond.
- Digital SLR camera capable of shooting RAW files with manual over-ride of any automatic settings and extra memory cards. You do NOT need to have a brand-new top-of-the line camera, just something that you are comfortable working with, as you will have access to and be trained on the fantastic camera equipment we have here on campus.
- An external hard drive of at least 500 GB to back up your work. We also recommend having cloud storage as further backup, like Google drive.

Other items that will be important to you:

- Camera equipment holdall, large enough for extra items you may wish to use/purchase during the course. We particularly recommend photo backpacks rather than traditional camera bag as they are more ergonomic and more secure.

Course equipment and costs

As a medium, photography is constantly developing, and our figures are intended as a guide of anticipated expenditure on the course for 2024/2025

It is anticipated that total extra costs would be approximately £1800 per year. This will cover film, travel, trips, paper and any other sundries. The equipment costs indicated vary depending on the brand/type of equipment you choose to purchase.

Your photographic practice will develop over the next three years of the course and there may be other equipment you want to purchase. It's possible to buy very good quality second-hand photographic equipment. Once you are established on the course, you will also find many students who are selling and swapping equipment.

If you have any questions or concerns about any of these equipment requirements, do not hesitate to get in touch with me at gretchen.viehmann@falmouth.ac.uk

Study trips

There will be a number of educational trips during the three years of the course. They are an integral part of your studies, and you are expected to take part to enrich your studies. One of the highlights of the year is our all-year exhibition in London, which takes place in the Spring just before the Easter break.

Third Year Exhibition

In your third year you are encouraged to exhibit your work in the Degree Shows on campus, as well as in a group exhibition in a location of the year group's choosing. Students are required to pay for these exhibitions (many choose to Crowdfund or otherwise fundraise). Depending on the medium you choose to exhibit in, such as prints, multimedia or publications, and the off-site venue in which the year group chooses to exhibit, estimated costs will be £200.

Highly Recommended - the 'Live @ AMATA Pass'

AMATA is Falmouth University's arts centre, offering a diverse year-round programme of exciting performances and productions, from monthly comedy nights to fantastic live music, trailblazing new theatre and dance.

The programme complements our portfolio of degrees and enables students to experience high quality, contemporary performances on their doorstep.

Students can purchase a one year Live @ AMATA Pass which offers five tickets for £25. This represents a 50% reduction on our standard student ticket price of £10.

You will be able to view the programme at falmouth.ac.uk/arts-centre from August 2024. However, the Live @ AMATA Pass is available now to book at falmouth.ac.uk/arts-centre/visit/tickets#live-pass

Please note: If a parent or guardian is purchasing on behalf of a Falmouth University student, the account should be set up in the student's name, using their email address.
