

BA(HONS) SUSTAINABLE TOURISM MANAGEMENT WITH PROFESSIONAL PLACEMENT

Dear [XXX]

Welcome to BA(Hons) Sustainable Tourism Management with Professional Placement.

We're getting in touch with some important information about your course that will help you as you prepare to join us.

At the end of this letter, you will find a list of equipment that you should bring with you, as well as any other costs that you might incur throughout your course that are not covered by your student loan.

We've also included some resources that we suggest you review, to help you prepare for your studies.

Your academic experience will be predominantly in person with some courses using a number of digital resources to support your learning. To engage in the digital learning activity, although you will be able to access IT suites on campus, you will benefit from a laptop to access the platforms and tools we use. You will be provided with free access to the Microsoft Office suite, (including Word, Excel and PowerPoint) while you study at Falmouth.

Student Finance

If you are eligible for a loan from Student Finance and have not yet applied, please do so immediately to ensure the loan is approved before you enrol. Once you enrol you are liable for the tuition fees. You can find more information from the Student Loans Company at: [gov.uk/government/organisations/student-loans-company](https://www.gov.uk/government/organisations/student-loans-company) If you are paying for your tuition yourself please check out falmouth.ac.uk/study/tuition-fees. Advice on managing your finances whilst studying can be found on the University's website here: falmouth.ac.uk/study/student-funding/how-much-does-it-cost

Student Support

We know the prospect of coming to university can feel overwhelming but we're here to support you every step of the way. You can find an overview of the support available to you once you get here at this link falmouth.ac.uk/experience/support

To help us provide you with the right support during your time at Falmouth, if you have a disability, health condition or Specific Learning Difference (SPLD), you should apply for an Individual Learning Plan (ILP). This document suggests simple adjustments to your academic experience, tailored to your needs. By disclosing early, we can ensure that the necessary support is in place before you begin your journey with us. Find out how to apply here studyhub.fxplus.ac.uk/accessibility-inclusion/ilps

If you don't have a formal diagnosis of an SPLD such as dyslexia, dyspraxia, or ADHD but think you might, our free online screening tool, the Do-It Profiler can help. It's like a quiz that helps pinpoint any areas where you might need extra support. More information and a link to the Profiler can be found here studyhub.fxplus.ac.uk/accessibility-inclusion/spld-screening

Your timetable

Your academic timetable shows all scheduled learning activities and your course timetable. It will be published from 9 September. After you've enrolled, you can view it via the Student Portal at falmouth.myday.cloud/ or the Falmouth University App. You can download the app by searching the Google Play Store or Apple Store. It will also be accessible at mytimetable.falmouth.ac.uk.

Welcome Week

After you have enrolled, your timetable will show you where you need to go and when on Monday 16 September and throughout the week.

This is the week when you'll meet your course mates, course tutors and University staff. There will be important inductions to both your course and the wider University facilities and services, in addition to social activities organised by the University and Students' Union.

Pre-course preparation

Below is a selection of free resources that you might want to look at prior to your arrival to help prepare for the course – although this is entirely optional.

The Travel Foundation www.thetravelfoundation.org.uk is a really interesting organisation that works with destinations and organisations to improve their sustainability. The 'resources hub' section contains various resources, but the case studies are also really interesting and demonstrate how we can introduce positive change (you may need to register for access to various documents, but this is free).

Green Ideas for Tourism www.greentourism.eu is an EU funded resource that has a great range of case studies and the 'best practice' pages have an excellent level of information around a whole host of sustainability issues.

Visit Britain – is the overall tourism body for UK based tourism and their corporate site www.visitbritain.org is designed for tourism professionals and has links to latest news articles and pieces of research.

Responsible Travel www.responsibletravel.com also has lots of content around the negative impacts of tourism – Responsible Tourism promote sustainable tourism holidays but also do a lot to raise awareness and there is a great series of short films that you might find useful.

Finally, here are some TV programmes that you might be able to find on catch-up/on demand/iplayer etc. that are an interesting watch (UK TV Networks but programmes may be available in other regions):

- Race Across the World (BBC)
- Pretty much anything with Simon Reeve (various series on BBC about traveling across certain areas)
- The Travel Show (a very long running BBC series with various episodes that cover different relevant topics)

Course equipment and costs

A laptop will be an incredibly useful piece of equipment and is highly recommended, along with a reliable broadband connection (if you are living in university accommodation you will have this).

You are not required to purchase any books or journal subscriptions as all required resources are available in the library/online, however, you may choose to purchase certain texts to ensure you have continuous access. You will be provided with comprehensive resource lists for each module that you study during your course.

Short-term placements can be undertaken locally to campus meaning little or no financial outlay is required. However, you may also wish to opt to travel further afield. In some instances, we may support group placement opportunities and transport costs.

Highly Recommended - the 'Live @ AMATA Pass'

AMATA is Falmouth University's arts centre, offering a diverse year-round programme of exciting performances and productions, from monthly comedy nights to fantastic live music, trailblazing new theatre and dance.

The programme complements our portfolio of undergraduate degrees and enables students to experience high quality, contemporary performances on their doorstep.

Students can purchase a one year Live @ AMATA Pass which offers five tickets for £25. This represents a 50% reduction on our standard student ticket price of £10.

You will be able to view the programme at falmouth.ac.uk/arts-centre from August 2024. However, the Live @ AMATA Pass is available now to book at falmouth.ac.uk/arts-centre/visit/tickets#live-pass

Please note: If a parent or guardian is purchasing on behalf of a Falmouth University student, the account should be set up in the student's name, using their email address.

Study trips

The course includes several study trips that form part of your studies – in these cases, we will cover transport and accommodation costs, but from time-to-time other optional opportunities may arise which you may wish to explore and self-fund.

The course also includes a residential fieldtrip in the final year of study and, again, transport and accommodation costs will be included within your course fees. However, please note that meals, snacks and refreshments are not included, and neither are optional independent activities that you may choose to engage in. Whilst university travel insurance is obviously in place, we do also recommend that you secure your own travel insurance for the trip, and this should include cover for loss of personal belongings.
